NEW ROTARY PRESIDENT

Staff Photo

Drayton Valley Rotary Club saw their annual change of officers recently when Past President "Mac" McLean handed over the gavel to new President Sid Mitchell. Incoming secretary is Rotarian Sid Waedle. Rotarian Ed. Featherstone remains in the treasurers office. New Vice president for the coming year is Rotarian Arnold Lloyd.

The local Rotary Club has a quite impressive list of achievements in community service for the past year. Among their many projects was the toboggan slide on a hill southeast of town. They have kept the Rotary Community Park equipment in shape; maintaining the swings, teeter-totters, wading pools, etc. which make up the very excellent kiddies playground park right in the centre of town. Form their sale of turkey cards they supplied twenty-two Christmas hampers, with some toys and some clothes additional to needy families. They have enlarged the skating rink and sponsored the CNIB drive. At the close of the football season they gave a party, for football players and coaches when they made the presentation of trophies and awards. They also made trophy awards to hockey teams and person awards to hockey players.

Sponsoring the "Adventures In Citizenship" contest in the local highschool they sent winner Miss Jane Schoen to Ottawa on an all-expense paid tour of the capital city. This adventure in community service will probably become an annual affair. The Rotary club has also helped in sending a Queen Scout to Ottawa. Included in the list of projects sponsored by the local Rotary Club is the Dale Carnegie Course held at the beginning of this year.

A speaker was lecturing to the Lions club on the subject of forest preservation. "I don't suppose," he said reprovingly, "anybody in this hall has done a single thing to conserve our timber resources."

After several seconds of silence came a meek voice from the rear: "Sir, I once shot a woodpecker."

One drawback to improved transportation is that there is no longer any such thing as a distant relative.

Two men were discussing a friend's bad luck at the races. "It's funny," commented one of them, "Frank is a demon at cards but he can't win a bet at the track."

"That's not so funny," the other said. "He can't shuffle the horses."

Then there was the moron who cut a hole in the rug so he could see the floor show—and covered it up because he didn't like the dirty cracks.

"I'm anxious to make this shot," said the golfer. "That's my mother-in-law on the clubhouse porch."

"Don't be silly," his companion remarked, "it's 200 yards—you can't hit her from here."

BASE BALL NEWS

LEGIONAIRES DOWN GENESEE FOR PLAYOFFS.

Legionaires took the first step toward the Oilfield League Championship for the second straight year when they got into the League's playoff circle with a 5-2 victory over the Genesee Gems. The game was played at the local Legionaires' Ball Park last Wednesday evening.

It was a close game all the way with little to choose between the teams until the Legionaires came on with a very strong finish to take the all-important encounter. Braithwait and Mochan led the way, each with two hits and one run while Wallace, Dea and Redlinger came in for the other Drayton Valley runs. Murray Dea was the winning pitcher while Hookowski was on the mound for the Gems in a losing cause.

The Legionaires now go on to meet the Warburg Buffaloes in a best of three game series for the divisional championship and the right to compete in the Oilfield Championship finals. The locals have also entered the Intermediate Provencial Playdowns which will get under way in the very near future. At this writing, it is not known who will furnish the opposition in this case.

(Baseball News cont. page 3, col. 5)

COUNCIL MEETING

The regular meeting of the Council of the Town of Drayton Valley was held in the Council Chambers on the 13th day of July, 1961, at 8:00 a.m.

Those present were: Mayor A. Meier, Deputy Mayor D.G. McKenzie, K. Wahl, H. Zoimer, C.D. Puhr, J. Ewanio and A. Demers, also Secretary-Treasurer W.G. Johanneson.

The minutes of the meetings of June 8th and June 16th were adopted as read. The Financial Statement and the Appropriation balances were examined and accepted for filing.

By-law No. 240, being an amendment to Traffic By-law No 161, was read the first, second and third times and finally declared law.

By-law No. 241, authorizing a Civic Holiday on August 7th.

(cont, page 3, col. 1)

CHIROPRACTIC CENTRE CHANGES LOCATION

Dr. William Burns of the Drayton Valley Chiropractic Centre has changed office locations. Dr. Burns is now located in the new building across from the post-office, which Buchholtz Construction recently completed. The other half of the duplex office Buchholtz as their new office.

Dr. Burns came to Drayton Valley just a year ago and located in the former Town Hall building, near the water tower, where he remained until the Buchholtz building was completed recently. Dr. Burns has built up a very fine practice in this vicinity and keeps quite busy. He plans on taking the first vacation he has taken for a number of years, starting the first of August, until the middle of the month. While Dr. William is on vacation his brother Dr. Charles of the Chiropractic Centre in Edmonoton will take his place and the office will be open three days a week.

NEW OILFIELD EQUIPMENT

The above picture shows the newly designed Du-All Condensate DEwaxer Unit designed by Steve Pawlick, president of Du-All Oil Tool Co. Ltd. and Bob Huber, vice president of the company.

These units have been proven in various fields and have proved very satisfactory by beating costly wax problems that have cost the industry thousands of dollars.

In the near future Du-All will release information on their new patent chemical that is to be used in combination with condensate and which will be one half more effective.

On one particular occasion recently application was made by Du-All Oil Tool Co. Ltd. in the Pembina Lobstick area for Imperial Oil Ltd. where the pipe was completely waxed up. Various ways had been tried to unplug the waxed up tubing. Then the Du-All Unit was called to the scene and had the tubing dewaxed in a very short time and the well back in production again.

6th ANNUAL RODEO

Preparations for the staging of the Drayton Valley Sixth Annual Rodeo are well underway and it certainly will be bigger and better than ever this year with all the added features. An attractive feature will be the province-wide Fly- In Breakfast which will be served in real Chuck Wagon style on the Hudsons' Bay Parking Lot from 8:00 till 11:30 in the forenoon, Saturday, July 29.

The First Day, opening parade, at noon on Friday, July 28th, will certainly be a bright and handsome affair, with many commercial and industrial floats entered in the various events. There will be a pet Parade in addition to the Childrens Decorated Bicycle Parade. Leading the whole colorful parade will be the Drayton Valley Band who have been organized for some six months, practicing regularly and who are now ready for real business; leading the band will be the majorettes, who are also a credit to our town. On the evening of July 28th a huge fireworks display will be shot off, starting at 10:00 p.m.

Another new addition to the big doings this year will be the local Lariat Gymnkana Club who will put on afternoon and evening shows with pole bending barrel racing and novelty events.

This year, while the Lions Club is still the main sponsors of the big show, other service clubs are taking a part in staging it also and a real community spirit is being manifested in the fine liason between the various groups

As well as the Lions, the Elks are helping out. Their main responsibility is the Fly-In breakfast. The Rotary Club will be putting on the parade and the Canadian Legion has charge of making up the programs.

As in the previous five rodeos staged here, this one is under the auspices of the Cowboys Protective Association, which guarantees top quality performan

(Cont', on page 2, Col. 4)

—Parade Route—

The parade will form at Calgary Power office as on previous occasions. At the corner of 50th Ave. and 50th Street it will turn NORTH at Valley Dairy, at McFarlands Lumber Yard it will turn WEST past the Hotel, and at Pembina Drug Store will turn SOUTH to Williamson's Store, then it will turn WEST past the cemetary, to Drayton Valley Hot Oil, and then will turn SOUTH again to 50th. Ave. where it will turn WEST again at Oilwell Supply, and continue WEST to Stewart Messer, just across Industrial Road, where it will disband.

Memorial

In loving memory of our dear mother who passed away July 17, 1961:

A loving mother so good and kind
No friend on earth like Mom we find.
For each of us she did her best
May God grant her eternal rest.

Ever remembered and sadly missed by loving husband
Al Raudebaugh and Family.

6th ANNUAL RODEO

(Cont'. from page 1, Col. 5)

ance all along the line in the rodeo events for both days.

Topflight rodeo circuit cowboys will be competing for the money prizes which will be, in both afternoon shows, $200 each for Saddle Bronc Riding, Bareback Riding, Brahma Bull Riding, Calf Roping and Steer Wrestling Wrestling. In addition to these purses other prizes are given. $100. Belt Buckle by P.V. Ranch, Evansburg. Cutting Horse Competition. $180 cash donated by Carrs Auction Market and Farm Machinery; $100 cash trophies given by the following firms: Saddle Bronc, R. Meier Insurance, Real Estate and Travel Agent: Bull Riding, Matlock & Sons Oil Field Trucking and Hauling; Bareback Riding: Hillcrest Housing Ltd. Trailer Court and Oilfield Warehousing; Calf Roping: Mack and Mann, Trucking and Oilfield Hauling; and Steer Wrestling: Vandergrift Sand and Gravel and Transit Mix.

Another very popular feature for young and old will be the big midway which will be set up for both days.

Council Meeting (cont. p. 1)

was given first, second and third readings and finally declared law.

Council authorized sending Constable J. Dixon to Edmonton for the Police Course this fall for six weeks.

Council approved and passed for payment of the list of accounts.

Council also authorized an appropriation of up to $130.00 to aid in the purchase of sports equipment by the Athletic Association--all orders to be sanctioned and approved by the Recreation Board.

Twenty-five dollars was authorized for preparing a float to enter in the Rodeo Parade by the Town.

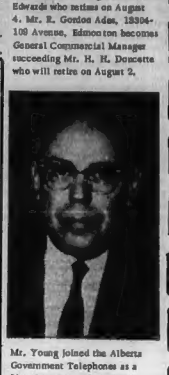
Council approved the replacement of a culvert into the Williams' property with a larger one-sufficient to take the additional drainage of water from the Town.

Cemetery plans were brought up for discussion and the Committee was asked to obtain suggestions and reports from the Ministers before the next Council meeting.

The meeting was then adjourned.

A.G.T.

Two appointments to the Executive of the Alberta Government Telephones were announced by the Hon. Raymond Reierson, Minister of Telephones today. Mr. Roy E. Young, 6523 Hardisty Drive, Edmonton assumes the responsibilities of Chief Engineer succeeding Mr. D.S. Edwards who retires on August 4. Mr. R. Gordon Ades, 13304-100 Avenue, Edmonton becomes General Commercial Manager succeeding Mr. H. H. Doucette who will retire on August 2.



Mr. Young joined the Alberta Government Telephones as a Plant Messenger on April 19, 1926. He was transferred to the Engineering Department as a draftsman on November 1, 1927. On January 1, 1936 he was promoted to Apprentice Engineer and in April of the following year moved to Lethbridge as an Apprentice Switchman. April, 1939 saw Mr. Young moved to Calgary as a Repeatman. He returned to Edmonton in November, 1940 when he was appointed assistant to the Transmission and Equipment Engineer and was promoted to Equipment Engineer in January, 1946. On July 5, 1955 Mr. Young became assistant Chief Engineer where he will serve until his new appointment becomes effective.

Mr. Ades became associated with the System as a Clerk in the Accounting Department in Edmonton upon being discharged from the R.C.A.F. where he attained the rank of Pilot Officer. In May, 1945. He transferred to the Commercial Department in September of the same year becoming District Commercial Clerk in October, 1947. In May, 1953 he was appointed Commercial Methods Supervisor and in April, 1959 became Rates and Practices Supervisor. In December of last year Mr. Ades was promoted to the post of General Supervisor, Rates Methods and Sales where he will reserve until his new appointment takes place.

Mr. Young was born in Ontario in November, 1908 and came West to Edmonton on March of 1912, as a child. He attended the Highlands Public School and the Edmonton Technical High School. In 1948 he became a member of the Association of Professional Engineers of Alberta and a member of the Engineering Institute of Canada.

Mr. Ades was born in Revelstoke B.C. in June, 1915 and moved to Alberta the following year. He attended Strathcona High School. Mr. Ades is married with two children.

BASEBALL NEWS (cont. Page 1)

LEGIONETTES WIN AT TOMAHAWK.

The Drayton Valley Legionettes took two games at the ladies' softball tournament held in Tomahawk over the weekend. The Legionettes downed Tomahawk 18-9 on Saturday and squeezed by High Vale 15-13 in Sunday's game. The two victories put the local team into the tournament final against Stony Plain, however, due to unfavorable weather the game was not played Sunday and has been scheduled for Sunday, July 30 in Tomahawk.

In Saturday's game the team was never very much in doubt as the local girls took command early and held a comfortable sway most of the way. Sunday's encounter, however, was a nip and tuck affair played under very unfavorable weather conditions. The highlight of the game for the Valley team was a homerun by Germaine St. Louis and an outstanding catch by Isabelle McKenzie in right field. Gene

Looking at Recreation

By: Michael Gormley,
Recreation Director.

PLAYFIELD PLANNING PRINCIPLES:

On May 31, of this year the rate payers of Drayton Valley approved the purchase of a tract of land for the purpose of developing a new outdoor recreation area in the community. The result of the plebiscite was unanimous as no less than eighty-three percent of the voters were in favor of the project. The land in question has a area of approximately 32 acres which eventually will be developed into a standard all-purpose playfield with facilities to satisfy most any recreational and athletic need.

The purchase has been made and presently preliminary work on the development of the area is well under way. If all goes according to plans the area should take on some shape and form of the finished product by next summer. This, however, is planned as a long-range project and the area is expected to be completely developed over a period of several years. Since the development cost will be quite prohibitive it is understood that the work will have to be done on a long-range scale.

The acquisition and development of acreas and facilities is a primary feature of long-range planning Failure to plan wisely in the selection of areas and the development of facilities therein may result in costly if not tragic mistakes. Here is an area that cannot be just developed haphazardly nor can facilities be thrown in at random. The position and the size of each and every facility on the grounds should be carefully planned in relation to the other facilities and the topography and physical features of the park itself. This playfield, most likely, will be one of the permanent recreational facilities of the town and will serve the people of the community in many different ways and forms for generations to come. It is very important, therefore, that we design this area with the utmost care. The more accurate and all-inclusive are the plans of today, the more complete and satisfactory will be the public service in the years to come. Here, I would like to pass on a few ideas on principles vitally important in the design and development of outdoor recreation areas.

1. Use space efficiently. Recreation space, especially in larger towns and urban areas, is usually inadequate and the most must be made of what is available at a given site. Therefore such space must be designed for multiple use and extreme care must be exercised to avoid congestion. When space is used efficiently and seems a maximum of purposes the way is paved for lower costs of capital improvement, decreased expenditures for maintenance and operation, easier supervision and finally better service.

2. Insist on adequate space. While space must be used efficiently, care must always be taken not to go to extremes in the space-saving campaign. It is better to observe standard dimensions, perhaps limiting the number and kind of facilities on a given area, than to crowd ball diamonds, tennis courts, game courts and play apparatus into an area which will not permit adhering to standard dimensions. Overloading impedes satisfactory participation and invites accidents.

3. Make supervision easy. Some activity areas require more supervision than others. Functional design calls for the strategic location of the central point of control with those areas requiring the most supervision closest to it and those requiring less supervision further away.

4. Plan for economy of construction and maintenance. Careful planning will reduce the costs of grading, surfacing, drainage, plumbing, lighting, drives, walks, and in some instantances even fencing. Low maintenance costs can be insured by the use of permanent types of surfacing, hardy plants and durable building materials. In comparison with the costs of construction, grading is relatively inexpensive. Therefore, it is sometimes better to do a great deal of grading, therefore saving in the construction of facilities. Some planners try to keep grading to a minimum and instead set up a series of terraces, slopes, and walls, such as a plan where were swimming facilities are arranged in such a way that the bathhouse is on one level and the pool on a lower level. This may all be very nice and even practical, however, sad to say, such luxuries are not within the financial reach of the average community nor the average people. In our case, it will be much more economical to do some heavy grading and start off with a level area. This practise will certainly cut both construction and maintenance costs.

5. Recognise the importance of safety. Many accidents can be avoided by the careful selection of sites for the different facilities. Playgrounds for smaller children for example should be segregated from foot traffic or from ball fields and game courts where there is a danger of flying balls. Swings, sand boxes and other playground apparatus should be surrounded by a safety fence if at all possible. Swings are in all probability one of the most dangerous playground equipment items, and on the other hand, undoubtedly the most popular. Certainly they should never be left out of recreation area plans. A fence around the swing area with one gate leading in to them would help in the safety program. Drives, parking lots and access roads present other problems. Where any of these are necessary they must be located to avoid active playareas and as much as possible all foot traffic.

6. Consider the convenience and the comfort of the public. The proper public accommodations must be provided if the area is to be attractive and usable. Adequate conveniences such as seating accommodations, shelter, shade, walks, toilet facilities, drinking fountain, and parking space will tend to make people frequent the grounds and consequently use the different recreation facilities.

7. Make it simple for participants to go from one facility to another. Locate those facilities, which have close activity relationship or are used by the same age groups, adjacent or close to one another. If possible, children's areas should be near the entrance in order that they do not have to cross the playfields to reach their quarters. Activities such as baseball and football which draw groups of spectators should be located reasonably near thoroughfare approaches and park ing areas.

8. Use natural features advantageously. This is a very important point. If the area has hills and natural slopes take advantage of them for winter sports and an outdoor theater. Reserve the level terrain for active game areas, ballfields and courts. Preserve the wooded areas for picnicing, hiking and nature activities.

9. Esthetic qualities count. Recreation areas need not be large to be attractive. An unimagative and dreary one may not only be a detriment but also an outright nuisance to the community. On the other hand, with a little ingenuity and concern for creating an attractive environment, the area can be a tremendous community asset and thereby enhance the economic value of property adjacent to it. Esthetic qualities can be achieved in many ways--by careful and artistic landscaping, treatment of surfaces, wise use of construction materials and good architectural design. Our Rotary Community Park is a fine example of an area where esthetic qualities have been brought about by the interest, concern, creative work of an enthusiastic group of community-minded men.

10. Orient facilities properly. In placing buildings on an area, it is advisable to study carefully placement in relation to administration, operation, maintenance and the promotion of eventual use. A parking area centrally located to serve all facilities is soundly recommended.

These are some of the things we will have to consider and weigh in mind as we lay the plans for our new recreation area. Lets say worthwhile effort in life we will eventually get as much out of this facility in satisfaction as we are going to put into it in planning and design.

It is your playground, people of Drayton Valley and we certainly would welcome any suggestions and recommendations on your part in the development of this facility. It is not something that will grow overnight, but something that will be built over a period of years. Like the human body, this play area will develope very slowly and it is up to us to see that it developes according to a definite plan, according to set standards and according the prevailing public needs.

P.O.N.Y.S OFF TO GOOD START

The Drayton Valley P.O.N.Y. entry into the Alberta Provencial Baseball Playdowns really showed the hometown folks that they meant business, last Sunday afternoon at the Legion Baseball Park when took both ends of a double-header from the Big Valley entry into the tournament.

The first game was as tight as they come with the locals squeezing by 1-0 on a run by Kenny Sieben in the bottom of the seventh and last inning. Dispite the fact that the locals had a decided edge in play throughout the contest the scrappy Stettler crew kept the scoreboard clear until Sieben crossed the plate. David Joyce was the winning pitcher.

In the second contest the home team got off to a grand start and run up nine runs before the fivey visitors struck back to drive in five runs in the top of the final inning to make the final score read 9-5 in favor of the Drayton Valley team. The sparkplug for

COOKING MAGIC

Clean Cool Cooking with the Clean Blue Flame of GAS

Tested Recipes and Meal Planning Ideas Prepared for Pembina News Advertiser Readers by the Home Service Department of Northwestern Utilities, Limited.

Many mothers feel a little guilty when they give their children peanut butter sandwiches for lunch. Actually peanut butter is a highly nutrit ous food containing a good supply of protein as well as a fair supply of some minerals and vitamins. Our favorite uses for peanut butter are:

NUT CRUNCHABLES

Thoroughly blend together .....
1 cup sweetened condensed milk
6 tbsp. peanut butter
Add... 1/4 tsp. salt
3/4 to 1 cup graham cracker crumbs.

Use just enough crumbs to make a drop texture. Too much will make the cokkies hard. Shape teaspoonfuls of dough in your hands and roll in a dish of coconut.
Bake until brown in a moderate gas oven. (375 F).

BROWN SUGAR PEANUT BUTTER CAKE

1/2 cup butter
1 1/2 cups brown sugar
1/2 tsp. salt
2 eggs
1 cup butter milk
1 tsp. soda (dissolved in milk)
1 tsp. vanilla
1 1/2 cups sifted cake flour.
1/2 cup peanut butter.

Cream butter, sugar and salt together well. Add eggs, one at a time, beating well after each addition. Blend in peanut butter and then add buttermilk; beat well. Add vanilla and flour mixture and beat. Pour into a greased 8 inch square pan and bake in a gas oven of 350 F. for 30 to 40 minutes.

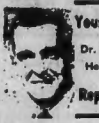
Icing: 2/3 cup brown sugar, firmly packed.
dash of salt
2 tbsp. cake flour
6 tbsp. melted butter
2 tbsp. cold water
2/3 cup coconut or chopped nuts

Mix ingredients in order given. Spread on hot cake. Return to oven and bake 5 minutes longer.

APPLE AND PEANUT BUTTER CRUMBLE

6 - 8 medium apples
1/3 cup water
2 tbsp. lemon juice
1 tsp. cinnamon
3/4 cup flour
3/4 cup brown sugar
1/4 cup butter
1/3 cup peanut butter

Peel and slice the apples into a shallow baking dish. Add water and lemon juice and sprinkle with cinnamon. Mix flour, sugar butter and peanut butter with a pastry blender. Sprinkle this mixture over the apples and bake at 375 F. for 20 minutes. Reduce gas oven to 350F and continue baking until apples are tender. Serve warm or cold with whipped cream.



Bill C-101 an Act to Amend the War Veterans Allowance allow

Bill C-101 an Act to Amend the War Veterans Allowance Act provides for increases of 20%, effective June 1, 1961, in allowances and permissible income ceiling under the War Beterans Allowance Act, and for considerably larger increases in allowances to veterans' orphans, to bring them in line with rates paid to orphans under the Pension Act.

The previous and new rates and ceilings are shown below:

Class of Recipients, Previous Monthly Rate, New Monthly Rate, Previous Annual Income Ceiling, New Annual Income Ceiling.
Single, $70, $84, $1,080, $1,296
Married, $120, $144, $1,740, $2,088,
1 orphan- $40, $54, $720, $900.
2 orphans, $70, $94, $1,200, $1,440.
3 or more orpahs - $85, $126, $1,440, $1,800 .

Previously a married blind recipient was permitted an extra $120 on the annual income ceiling only if residing with a blind spouse; but now a blind recipient will be permitted the extra $120 whether single or married. and even if in the case of a married blind recipient, his spouse is not blind.

The Bill also provides for the following changes:
1. The maximum value of personal property permitted a recipient at single rates has been increased from $1,000 to $1,250, and at married rates from $2,000 to $2,500.

2. The permisive limit of equity in real property is increased from $8,000 to $9,000

3. Widows and orphans of veterans who were recipients of allowances and who die whilst residing outside Canada, are ineligible for widow's and orphans allowances without returing to Canada providing they otherwise qualify.

4. Now also included as veterans of South African Wars are former members of the Canadian contingent or of His Majesty's other forces who had embarked for South Africa prior to June 1, 1902, and who, though not domiciled in Canada immediately prior to October 11, 1899, have resided

HEAVY DUTY SHOES

Taken from Faith's Checkbook by Charles H. Spurgeon.

"Thy shoes shall be iron and brass; and as thy days, so shall thy strength be" Deut. 33:25.

HERE are two things provided for the pilgrim: shoes and strength.

As for the shoes: they are very needful for traveling along rough ways, and for trampling upon deadly foes. We shall not go barefoot--this would not be suitable for princes of the blood royal. Our shoes shall not be at all of the common sort, for they shall have soles of durable metal, which will not wear out even if the journey be long and difficult. We shall have protection proportionate to the necessities of the road and the battle. Wherefore let us march boldly on, fearing no harm even though we tread on serpents, or set our foot upon the dragon himself.

As for the strength: it shall be continued as long as our days shall continue, and it shall be proportioned to the stress and burden of those days. The words are few, "as thy days thy strength," but the meaning is full. This day we may look for trial, and for work which will require energy, but we may just as confidently look for equal strength. This word given to Asher is given to us also who have faith wherewith to appropriate it. Let us rise to the holy boldness which it is calculated to create within the believing heart.

SAFE ARMOUR

Taken from The Prairie Overcomer.

The story is told that Emperor Napoleon once engaged a very skilful workman to make him a bullet-proof jacket. The workman took much time and pains in its construction, and when it was finally completed he called the Emperor in for a fitting. The maker put the jacket on himself that the Emperor might see how nicely it fitted and pronounced the body.

After a careful examination of its make-up and apparent safety, Napoleon snapped back a few feet and drew his pistol on the man, who cried out:

"Don't try it on me!"

But the Emperor said: "You told me it was perfectly safe," and fired.

The armour proved itself bullet-proof.

So Christ has made an armour that renders its wearer perfectly safe against all the fiery darts that may be hurled against it. Christ has tried it on. He was led into the wilderness to be tempted of the devil. For forty days and nights Satan tried to pierce this armour, but broke all his arrows on it. It could not be penetrated. It was thoroughly tested on Christ, that all who put it on might feel safe.

Each soldier of Christ is told, at his start, to "put on the whole armour of God, that ye may be able to stand against the wiles of the devil." This armour covers the Christian's loins, breast, feet, and is a complete shield to his whole being against any temptation or trial he may encounter. Christ was "tempted in all points like as we are, yet without sin."

Let me say, then, to all who feel a little timid about the Christian armour, that it has been tested by our Captain and thousands of His soldiers, and has never yet been pierced by our enemy's bullets.

Let us all learn a lesson from this incident of the Emperor, to put on and trust the Christian armour. It has been tested. Trust it in life. Trust it in death. Then you go up, and hear the Master say, "Well done."

FIRST BAPTIST CHURCH NEWS

ABE AND HILMA TAVES AT FIRST BAPTIST.

Rev. and Mrs. Abe Taves, missionaries on furlough from French Equitorial Africa, will be speaking and showing moving picture films at the First Baptist Church on Sunday, July 23. This will be their only visit to the Valley before returning to their field in August for their fourth term. An extra feature of the evening service will be special music from the Park Allen Baptist Church, Edmonton.

Mrs. Taves (Hilma) is a sister to Mrs. Dr. Sam Steeves, and comes from a family of missionaries and preachers.

A cordial invitation is extended to every one to attend these interesting services. The morning services: Sunday School at 10:00 and Morning Worship at 11:00, and the Evangel Service at 7:30 are all held in the music room of the Elementary School.

JEHOVAHS WITNESSES NEWS

Witness delegates from Drayton Valley were among the attentive crowd of 28,962 at Vancouver's Empire Stadium, Sunday, July 9, to hear the key talk of their six-day United Worshipers District Assembly. Nathan H. Knorr, president of the Watch Tower Bible and Tract Society from Brooklyn, NNew York, delivered the discourse on the subject "Wehn All Nations Unite Under God's Kingdom."

Mr. Knorr asked his audience, "Where do we get the idea that all nations will unite under God's kingdom?" He answered by stating, "We get that wonderful vision of the whole human family prosperously at peace with itself and with its God from a Book. That Book, the Bible, is backed up by the unity and stability of the known universe. Long ago this indestructible Book foretold the uniting of all nations under God's kingdom."

He continued, "Today there are thousands of people who have accepted what the Bible says, namely, that God's Kingdom is the only hope for humanity for uniting nations. They have left their political divisions behind and have accepted the one worship, one God and one faith. They have clothed themselves with the spirit of love, which is under God's kingdom for our salvation, as it is the only government of protection that can and will preserve us at the battle of Armageddon."

The highlight of the Friday session was the baptism-ordination ceremony where 604 new ministers were added to the preaching fellowship of Jehovah's Witnesses. Witnesses believe that all their ministers must be baptized following their initial training period.

According to Mr. Ross Gibson, presiding minister of the Drayton Valley Congregation, the local delegates will be eager to apply the many new points on improved techniques in house-to-house teaching of the Bible acquired at the gathering. "This will result in great community benefit to all", he said, "the sharing of the qualities of Christian unity with their neighbors."

A mind closed to ideas is like a tree with the sap gone from its branches--rigid and easily broken down.--Richard Lynch.

MISSIONARY TO SPEAK

A native missionary of Kodiak, Alaska, Rev. Paul Mamaloff and family, will be visiting at the Drayton Valley, Church of God on Friday, July 21..

Mr. Mamaloff was trained at the Alberta Bible Institute a few years ago and today is one of the native pastors and missionary of this North-land. He has been taught to speak Russian, Aleut, Indian, Eskimo, and English languages.

Missionary Mamaloff will be speaking on his work in this country as well as giving many interesting descriptions of the land with slides and in his own colorful descriptive way, will

Why it's called the

FAMILY SECURITY PLAN

By: MR. STUART LUNAN

This plan is an excellent cornerstone for a young family man's Life Insurance program. It provides at low cost a substantial amount of protection while the family's needs are greatest. In addition it enables a young man to get an early start on a savings fund to provide the income he will need when it is time to retire.

For more information just send me the coupon:

in Canada for a total period of at least ten years.

5. In regard to service in the United Kingdom in World War I for members of the Canadian Forces, travelling time from the date of embarkation for the United Kingdom until arrival there and from U. K. for Canada prior to November 12, 1918, may be counted as time served in the United Kingdom in relation to the 365 days qualifying period.

6. The exemption as income of interest on bank deposits, stocks and bonds has been increased from $25 to $50 per annum.

N.B. Rates under the Pension Act providing was veterans with disability pensions were also increased effective March 1, 1961, by 20%.

GREEN ACRES

by Earl C. Lowe, District Agriculturalist.

This is the time of year when farmers should be ordering trees and preparing land for farmstead, field and roadside shelterbelts intended for planting in the spring of 1962. Good shelterbelts are a credit to those who grow them. Future benefits derived for many years from planting trees on a farm far outweight the effort and costs involved.

"John Jones or Tom Brown often comment about the excellent shelterbelt on the farm of their lucky neighbour. It is not uncommon to hear the same John or Tom talking the same way ten years later with nothing more than a few telephone poles decorating their property and protecting same from wind or drifting snow. Making a start is often the hardest part of establishing a grove of trees.

A little careful planning followed by suitable soil preparation and diligent care for a few years after trees are planted usually bring desired results. Land for trees should be thoroughly summerfallowed for a year prior to planting .

Trees are provided to bona-fide farmers by the Alberta Department of Agriculture and also by the Federal Forest Nursery, Indian Head, Sask. Evergreens cost one cent each - other species are less; Shipments are sent express collect. Tree that may be ordered from the Alberta Department of Agriculture for 1962 plantings are Colorado and White Spruce, Lodge Pole Pine, Manitoba Maple, Green Ash, American Elm, Tartarian Honeysuckle, Villosa Lilac, Manchurian Elm and small rooted trees of the following species: - Russian Poplar, Northwest Poplar; Lurel Leaf, Acute Leaf or China Willow. Some species are in limited Supply. Those who order early stand the best chance of getting the desired kinds and quantities.

Bulletins, leaflets and applications forms are available from this office.

describe a native's life.

We invite you to come and hear this interesting speaker and invite a friend to attend with you.

This Missionary meeting will begin at 8:00 p.m. Friday, July 21. Believe me, you will not want to missionis.

LOOKING AT RECRATION

(Cont'. from page 4, Col. 5)

Russell Brand's charges in this second outing was Gerald McMorris who besides pitching a very fine game, came in with four big runs. All told the dual victory was a great team effort. The boys played good ball all afternoon. They had that spirit and desire to win and were not to be denied. The series, a two out-of three affair, will be resumed in Big Valley next Sunday afternoon.

The motorcycle cop stared in astonishment as the tiny foreign car sped down the road; it was jumping two or three feet into the air every half minute or so. The policeman sped after it.

"What's the matter with the puddle-jumper?" he shouted at the driver. "Not a thing, officer," said the man. "It's me. I've got the hiccups."

GYMKHANA NEWS

GYMKHANA NEWS
by Linda Cashrea

The Lariat Gymkhana Club has been practising for the Gymkhana to be held at the Rodeo Grounds on Sunday, July 23, at one o'clock p.m. The South Side Gymkhana Club in Edmonton will be here to participate in the timed events of barrel racing, pole bending, and stake racing as well as the novelty events which include Adult Binder Twine Race, Childrens Right and Left Mount, Adult Womens Lady Killer, Adult Pair Mens Wheelbarrow Race, and Childrens Three-Legged Sack Race. We hope everyone will turn out to cheer the participants on, and show the Edmonton Gymkhana Club that there are many who are interested in Gymkhanas.

With the Rodeo drawing near, everyone in the Club is busy preparing for the show to be held nightly at the Rodeo and during intermission. A great many spectators have been present to witness the ride-in and various events at the practises that have been held on Sundays at the Gymkhana grounds one and a half miles north of Rocky Rapids.

There is a great need for Associate members in the Club, especially with the Rodeo drawing near as we need judges and other officials, and help in the booth. So lets see some people joining the Club on the twenty-third, or phone 542-2006 and join.

BASEBALL NEWS (cont. page 3)

Hallett was the winning pitcher in both games.

D.V. JUVENILES WIN TWICE AT BARRHEAD

The Drayton Valley Juvenile Baseball Team under the tutorship of Bill Davies and Red Fulk traveled to Barrhead last Sunday where they took both ends of a doubleheader against the Barrhead Juvenile outfit. The locals captured the opener 7-2 while they ran away with a 15-7 sweep in the nightcap.

The opening game was a thriller, featuring some outstanding ball by both teams. Up until the sixth inning it was anybody's game with the locals holding a meagre edge most of the way. The Valley boys put on a whirlwind finish however, with four runs in the final two innings to sew it up at 7-2.

In the second game runs were somewhat easier to come by for both teams, otherwise it was almost a carbon copy of the first encounter. Early in the game it was one team taking the lead and then the other and after five complete innings of play it was 6-5 in favor of Barrhead. Once again our boys put on the pressure as the game were on picking up four runs in the sixth frame and adding six others in the final inning to close out the scoring at 15-7 in favor of the Drayton team.

The victories left Drayton Valley in sole possession of first place in the Northern Loop with 8 wins and no defeats. In League play thus far this season the locals have taken a pair of games from Whitecourt, walloped Mayerthorpe four times and carried away Sunday's duo against Barrhead. They have four games left of seasonal play, two against Whitecourt and two against Barrhead at Drayton Valley on August 6.

Next Sunday the local Juveniles travel to Barrhead once more, this time to take part in a Provencial Playdown tournament to decide the divisional championship. The tournament will be played on a single knockout basis with four teams competing. Besides Drayton Valley, teams from Mayerthorpe, Barrhead and Hinton will fill in the bill. It would seem like a peculiar way to decide a divisional championship in Provincial Playdowns, however this method has been approved by the Alberta Baseball Association. So that is it--the winners of the tournament are the champions.

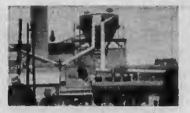
(cont. page 11, col. 1)

ROYALITE GASOLINE

Good advice -- for on or off the highway. Royalite gasolines give you fast warm-ups. Quick starts in city traffic. Plenty of pep when there's work to be done on the farm. And they're specially refined for the climate we live in. Drive up and get a tankful. Or arrange for bulk deliveries to your farm or ranch.

IN THE CITY
Wherever motorists drive in western Canada, the colorful turquoise and orange "R" beckons them to Royalite service stations. Here they find fast, courteous, efficient service -- and petroleum products second to none. That's what turns casual callers into regular customers. You, for instance.

ON THE FARM
Western farmers depend on Royalite for regular deliveries of quality fuels and lubricants. And when the work load is heaviest they know they'll get special attention. You will, too. Just phone your Royalite agent. He's a good man to know.



IN INDUSTRY
Across the four western provinces Royalite bulk plants serve the needs of industry. Royalite is engaged in exploration, production, refining and marketing. It's the largest independent oil company in western Canada. Good to know when you buy Royalite products.

Contact your local ROYALITE dealer or agent.

BASEBALL NEWS (cont. page 10)

The first game gets under way at 12:00 noon. So the whole issue is all in one day's work. Let us hope that our boys have an extra good day.

PONYS TAKE TWO FROM STETTLER

The Drayton Valley Hobos got off on the right foot last Sunday afternoon in their best of three Provencial Pony Baseball Playdown series with Stettler. The hosting "Valley" team measured the visitors 1-0 in a thrilling first game while the second encounter was a bit more wide open and finished up with a 9-5 score in favor of the home team. Both games were played at the Legioneers' Baseball Park.

The first game was is close as the 1-0 score indicates. It was a pitchers' duel; a real tight ball game from start to finish. The locals had a slight edge throughout but could sustain a concentrated drive until the bottom of the seventh inning when Kenny Sieben hit a single and got as far as third on anoverthrown and a stolen base. Eddie Hunzal came to bat to hit safely and bring Sieben home for the running run and the ball game. David Joyce was the winning pitcher, while Dale Duncan was twirling for the losers.

In the second part of the doubleheader the teams both opened up a bit. Stettler opened strong with men on second and third base and nobody out in the first inning, however Drayton Valley pitcher Gerald McMorris who played a great all-around game, promptly put three men down in a row to retire the side. This seemed to dampen the visitors' spirit and by the end of the third inning Russell Brand's boys were ahead 4-0 on runs by Eddie Hunzal, David Joyce and a couple by McMorris. CLIFF Kindskoog picked up two scores in the fifth and sixth inning and McMorris repeated for two more while Kenny Bills came in to make the score 9-0 after six full innings of play. If anyone thought that the Stettler team were through for the day, they certainly had another thought coming as the visitors put on a spirited rally in the final inning to score five consecutive runs before the side was retired making the score read: Drayton Valley 9, Stettler 5. McMorris was credited with the victory while the defeat went to Don Johnson.

The series resumes in Big Valley, Alta., next Sunday. According to Alberta Baseball Association rulings all semi-final playoff series shall be two out of game series with four games being played, two at each team's diamond. The first, third and fourth games are Official playoff contests while the second game is considered as an exhibition game and does not count in the series unless one of the other three games are rained out or called off for any reason.

D. V. PEEWEES IN PROVENCIALS

The Drayton Valley Oilers, the Pee Wee baseball team representing the town in the Provincial Playdowns start their series against Barrhead this week. The Drayton boys will be playing their first two games in Barrhead and the final two will be on their own diamond. No definite dates have been set as yet, however, the series must be completed by July 23, and if a couple of games can be scheduled at Barrhead for this week, the final two encounters will likely take place here next Sunday afternoon. The series is a two out of three game affair with the second game being counted as an exhibition contest.

A.W.I.G.C CONVENTION

43rd ANNUAL CONVENTION OF A.W.I.G.C.

The 43rd Annual Convention of the Alberta Girls' Club was held in the Olds School of Agriculture the week of July 10th to July 14th. Monday evening the girls were treated to a Tour of the Grounds and a Get-Acquainted Party. Tuesday morning the girls were officially welcomed by Mrs. H. Thurlow, Taber, Alberta, the Girls' Club Provincial Supervisor. Her slogan was "Every day is a new beginning". Mrs. S. Thurlow, Taber, Alberta, Assistand Provincial Supervisor, also welcomed the one hundred seventy-one girls and supervisors present. This was a record attendance for a Girls' Club Conference. Mr. S.B. Wilton acting principal of the Olds School of Agriculture extended a welcome, also, and explained the regular courses, bursaries and loans for the regular classes at O.S.A.

Attending from the Alberta Women's Institute were President, Mrs M.G. Roberts, Drumheller, and Mrs. J.L. Richards, Red Deer, Secretary.

Winners in the Public Speaking competition were:-
Junior: Doreen Schultz, Mountainview Jolly Juniors, Didsbury.
Intermediate: Joan Barfoot, Wildwater Wonders, Widewater, Alta.
Senior: Leslie Bartlett, Widewater Wonders, Widewater, Alta.
Honorable Mention in the three classes were:
Junior: Aleah Steeves, Travers Little Ladies, Travers, and Linda Noble, Lethbridge Northern Busy Bees; Intermediate: Karen Brander, Lone Pine Orioles, Didsbury; Senior: Patricia Hope, Bancroft Buttercups, Acme, Alta. The Commentary given by Mrs. Oak of Olds was very favorable.

During the week, the five District Directors did a marvellous job of officiating the girls. These were District:
1-Donna Smith, 2-Shirley Walker, 3-Bernice Gondeyko, 4-Francis Tyo, 5-Jeanne Haderer. A hearty thank you to these girls. They were replaced by a new group of District Directors:
1-Leslie Bartlett, Widewater Wonders, Widewater, Alta. 2-Jean Nordby, Pembina Playmates, Drayton Valley, 3-Donna Brunar, Rosebrier Rushing Robins, Wetaskiwin, 4-Elaine Sorgard, Lethbridge Northern Busy Bees, Iron Springs, 5-Kareen Brander, Lone Pine Orioles, Didsbury. The new W.I.G.C. Provincial Supervisor is Mrs. H.J. Richardson, Didsbury and the new Provincial Assistant-Supervisor is Mrs. P. Hauser of Carstairs. Jeannette Haderer, Lone Pine Orioles, Didsbury, is the new Provincial President, and Shirley Walker, Calahoo Starlets, Calahoo is the new Vice-President. Associate Supervisors are: District 1-Mrs. H.C. Tattrie, Brownfield, 2-Mrs. M. Shapka, Warspite, 3-Mrs. R. McDowell, Ponoka, 4-Mrs. Ree Maio, Turin, 5-Mrs. Roy Milne, Didsbury.

SHORT STORIES WINNERS were:
Sr.-Sharon Wiggle, Davies Daffodils, Hon. Ment.-Joan Engelrston, Widewater Wonders. Int.-Keitha Grettum, Daresbury Merry Mixers. Hon. Ment.: Linda Koszkowski, Warspite Pathfinders. Jr. Joyce Underhay, Lone Pine Orioles. Jr.-Valerie Hutchinson, Pembina Playmates, Hon. Ment.-Carol Clarke, Lone Pine Orioles.

Artwinners-Sr.-Shirley Laiberry, Widewater Wonders, Hon. Ment. -Sharon Bitenson, Sunflower. Int.-Marylin Cheinenese, Battle River Belles, Hon. Ment.-Lorna Shiels, Lone Pine Orioles. Jr.-Valerie Hutchinson, Pembina Playmates, Hon. Ment.-Carol Clark, Lone Pine Orioles.

Program Books: Sr.-Cheryl Gibson. Bancroft Buttercups, Hon. Ment.-Velda Boyd, Armadettes, Inter: Shirley Machack. Turin Twinkle Toes. Hon. Ment.: Lorna Shiels, Lone Pine Orioles; Jr.-Joyce Underhay, Lone Pine Orioles, Hon. Ment.-Carol Ann Bosch, Beiseker Bie Bells.

Secretary Scholarship: Enid Jones, Albert Busy Beavers.
Handicraft Trophy: Lone Pine Orioles, Hon. Ment. Bancroft Buttercups.
Proficiency Cup: Lone Pine Orioles, Hon. Ment. Widewater Wonders.
Room Prizes: Girls-Norma Hagel & Audrey Vellar, Beiseker Bie Belles. Hon. Ment.: Rita Christensen & Sharon Loft, Zella Bobby Socks. Supervisors: Mrs. Herbert, Melody Maids, Hon. Ment.-Mrs. Jones, Albert Busy Beavers.

In the Fashion show, directed by Miss Shore, 34 girls modelled the garments they had made themselves. The tea, Supervised by Miss Pal, was poured by Mrs. Odland & Mrs. Thurlow. Dainties were supplied by the girls' cooking class. The amateur show Wednesday evening consisted of pantomimes, acts etc. The convention closed with a Banquet & Masquerade.

Notebook

Back on the pastoral job is Rev. Wuiff, of the Church of God, who has been attending the groups' annual Camp Meeting in Camrose.

.....

Annie Van Euden, a very pretty Hollander, is spending a couple of our Alberta summer months with Mr. and Mrs. Tony Vanderleest. Annie is sister to Mrs. Vanderleest. She was quite delighted to see her picture on the front page of the P.N.A. within a week of her arrival here. The eye of the camera caught Miss Van Euden as she danced on the street at the Elks Street Dance, July 1st.

.....

A change in faces is in the offing in the Schlumberger office. Joe Goetz is being transferred to the Edmonton office and from the Edmonton office is coming Ian Noequay.

.....

Another visitor is Drayton Valley was former resident Alex Grant, who was visiting the Pickups. Alex was employed with the Royal here and is now in an Edmonton bank of the same denomination. Over the week-end also Mrs. Pickup's brother Don Davis, was a visitor in the Pickup home. Mr. Davis is employed with Allstate in Vancouver.

.....

The first Thursday in September has been designated Re-organisational and General Rally day for the Drayton Valley Chamber of Commerce. A dinner will start out the 1961-62 C. of C. season at that time.

.....

Manitobans got together again recently when Carmen Tetreault of Lac La Bonnet, Manitoba returned to Drayton Valley to visit the John Lapierres and the Leo Bellisles.

BODY IN RIVER

According to last report the body found last week in the Saskatchewan River has not yet been identified. First reports that the body was found by Brent Construction workers was erroneous. The body was found by an employee of Warburg Sand and Gravel, Mr. Les Snepsl, who was hauling gravel from the river bed when he found the body. The location in which the body was found was ten miles north and two miles west of Alaide Alsike, in the Saskatchewan river.

Since finding the body there has been further speculation that it might be the body of an Indian who fell into the river at Rocky Mountain House last spring, instead of the body of Mr. Fisher, who was drowned in the river at the bridge east of Drayton Valley in August 1958.

Welcome to the Rodeo

JUVENILES WIN CHAMPIONSHIP

By Jean Fuhr.

A more enthusiastic group of young men were never seen before than our Juvenile Baseball team that travelled to Barrhead again last Sunday, trying for the Northern Alberta Championship. At 12 noon they met the Barrhead team who seemed just as eager to win.

The first inning Drayton slammed in 2 runs, followed by 4 more in the second with Barrhead not able to bring in a runner. The third and fourth remained scoreless for both teams. Again in the fifth Drayton found another making the score 7-0. In the sixth they started the ball rolling with a home run, followed by a 3 base hit bringing in three runs. The seventh also tallied up 2 more runs, with one in each the eighth and ninth. Barrhead finally got one runner in on the ninth inning, breaking the hopes of a shut-out.

Ken McMorris pitched a very good game and was given the best support by all his team-mates.

RODEO COMMITTEE

Photo by Curt's Studio

This years' Rodeo, which promises to be a huge success, with a little cooperation from the weather department, will get underway on noon, Friday the 28th of July with a big parade. These men, representing the different groups which are cooperating to stage the big two day event this year will be largely responsible for the Rodeo's success, with, of course, the help and cooperation of many others.

In the above picture they are, seated left to right, Frank Fayce, Advertising Chairman, a member of the sponsoring Lions Club; Steve Reddin, president of the Lariat Gymkhana Club; Ken Walters, Lions Club, chairman of the Raffle Committee; Bruce Lee, Lions Club, chairman of Concessions committee; Ron Carter, past president of the Lions Club. In the back row we have Keith Peterson, Lions Club, Rodeo Chairman; John Androschuk, Lions Club, Chairman of the Gate Committee; Henry Deby, Lions Club, Rodeo Coordinator; Claude Albert, Lions Club, Chairman of the Dance Committee; Maurice McCullagh, Legion president, chairman of the programs committee; John Bwanio, Elks Lodge, chairman of the Fly-In and Fr. Scriven, Lions Club, secretary of the Rodeo Committee.

Two members are missing from the picture. They are, Ab. Loewenburg, Lions Club, chairman of the Grounds Committee and Arnold Lloyd, Rotary Club, Chairman of the Parade Committee. Mr. Lloyd's picture appears in another section of this paper.

CANADIAN ALL-ROUND CHAMPION

Photo by R. C. Blackmore

GEORGE MYREN.
Viking, Alberta

George Myren, 1960 All-Round Champion of the rodeo circuits and stampedes, lives with his wife and young child, when at home from the rodeos, at Viking, where he was raised. His father owns a farm at Viking. Young Myren is a fulltime professional rodeo hand. He follows rodeos all over North America, and for him rodeoing has paid off with a very good living.
